GOVERNMENT RESERVATIONS

UNITED STATES

Order 95-2-7

*Approval is subject to the conditions regularly imposed on this type of baggage system. These conditions preclude the application of weight-related baggage systems to any passengers whose **ultimate ticketed origin or destination** is a point in the United States. For these passengers, only piece-related baggage system shall apply, including any travel beyond the U.S.-foreign gateway legs of the journeys*

BRAZIL

- 1) *weight system will not apply from Brazil to the Republic of South Africa and from Brazil to Thailand/Hong Kong SAR via SA routing (23.6.98)*
- 2) *the excess baggage charge per kg is 1% of the lowest normal direct adult one way economy class fare (23.6.98)*

For transportation originating or terminating in the USA/US Territories, Canada where piece concept applies, piece concept regulations apply for the entire journey, **irrespective if a stopover is taken or not.**

To qualify for PC when a journey includes countries that the weight concept is the actually baggage allowance, the ticket must be issued all on one ticket (one contract).

Example: if a passenger purchased a NYC LON NYC – PC would apply for this applicable ticket and the new ticket (contract) LON JNB LON – the applicable weight concept would apply.

For transportation originating or terminating in countries other than USA/US Territories, Canada where the piece concept is Government approved, and SA has implemented exception between these countries the piece concept regulations apply for the entire journey, **irrespective if a stopover is taken or not as long as the applicable through fare has been collected.**

Example: NYC-FRA-JNB-FRA-NYC for all sectors PC applies.

If a passenger with PC allowance checks-in baggage after a stopover is made for a route where weight concept applies, the free baggage allowance will remain PC, but the charge for excess baggage must be paid according to weight concept rates.

Example: Stopover in JNB and FRA; check-in of 2 pc with 30kg each. The permitted baggage allowance is **2x23kg (2x50lb)** => the difference **14kg** have to be charged at 1,5% **per kg** of the YOW fare JNB-FRA.
